PROFESSIONAL SUMMARY

Computer Engineering student at Sharif University of Technology with hands-on experience building LLM-powered backends and data pipelines. Proficient in Python, Docker, and modern ML frameworks. Passionate about designing reliable, scalable AI workflows — from preprocessing and model training through deployment and monitoring.

TECHNICAL SKILLS

ML / Data	Python · Pandas · NumPy · Scikit-learn · Keras · Matplotlib · Seaborn
Backend / DevOps	Django · Django REST Framework · Docker · Docker Compose · Git
AI / LLM	LangChain · RAG · BM25 Retrieval · OpenRouter · LLM Integration
Databases & Lang	PostgreSQL · MongoDB · SQL · Python · Java · C
Concepts	OOP · DevOps Culture · Monitoring Basics · Systems Programming

PROJECTS

[LLM Document Q&A \(RAG Backend\)](#) 2026

Python · Django · DRF · LangChain · OpenRouter · Docker Compose · BM25

- Built a production-ready RAG API: users upload DOCX documents and receive AI answers via BM25 lexical retrieval + LLM re-ranking through OpenRouter.
- Containerised with Docker Compose for reproducible, one-command deployment.

[Sgit — Custom Version Control System](#) 2023

C · Linux Filesystem

- Implemented a Git-inspired VCS from scratch in C: init, add, commit, log, diff, merge, reset, stash.
- All repository state managed via raw Linux filesystem — no third-party libraries used.

[Gwent Online — Multiplayer Card Game](#) 2024

Java · JavaFX · TCP Sockets

- Recreated Gwent with a full JavaFX GUI and real-time multiplayer over TCP sockets.
- Applied MVC to cleanly separate game logic, networking, and UI layers.

EDUCATION

B.Sc. Computer Engineering · Sharif University of Technology, Tehran · 2023 – Present

Selected Coursework (Iranian system — out of 20):

Fundamentals of Programming	20/20	Linear Algebra	20/20
Data Structures & Algorithms	19/20	Advanced Programming	18.6/20
Design of Algorithms	17.5/20	Computer Architecture	17/20

SOFT SKILLS & LANGUAGES

Teamwork · Clear Communication · Documentation-Driven Learning · Complex Problem Solving · Curiosity & Deep Learning · Knowledge Sharing · Reliable & Hardworking

Languages: Persian (Native) · English (Professional Working Proficiency)
